# INTRODUCTION

**There are two types of humans:**

**Ones who've GOT rizz and make people crazy about them just by looking at them (f.e. me) and others who DON'T have any rizz at all and get laughed at for having no game.**

**But what about you? Have you ever heard of "rizz"? No?**

**Let me explain it to you: The term refers to skills and traits that are supposed to make it easy for one to "pick up" other people.**

**The perfect example is the Rizz Monkey. He is one of a kind... in fact, I am the Rizz Monkey!**

**You can see me all around the internet on various social media. I am the first monkey with such a big community supporting my rizz.**

**My videos have more than 69 million views and everybody knows me. Today I want to welcome you to my special world of memes.**

**To share, I have created my own token, which is available for everyone.**

**Since I know that many other crypto tokens are way too expensive, I set the launch price of the \$RZZMNKY token to only 0.00000696 \$. This way everyone will be able to buy my token and become part of the Rizz Monkey community. Rizz for everyone!**

**But \$RZZMNKY is much more than just a meme token. This is a project with a mission to provide rizz for every holder of the token and finally have some game!**

**DON'T MISS YOUR ONCE IN A LIFE TIME OPPORTUNITY!**

# TOKENOMICS

The launch of the \$RZZMNKY token will help sustain the growth of the Rizz Monkey community and will spread the rizz all over the world.

The total Supply of the token will be ~696 billion (696.969.696.969) and the initial exchange offering price will be 0.00000696 \$ setting a fully diluted market cap at launch of 4.850.909 \$. By providing a relatively low market cap, we aim to reward early investors with strong price increases.

**THE EARLIER YOU BUY, THE MORE PROFITS YOU MAKE.**
